Nobeoka-City is in Miyazaki-Prefecture and about 800km south west of Tokyo. It is an industrial city and famous for its beautiful mountains and waters.

It has blue, green and a good mild climate all the year round.

I would like to be friends with DX'ers all over the world.

I am looking forward to seeing you next time.

Have a nice HAM-life and DX.

Take care of yourself, I hope.

from Tada.
